When: July 18, 2015

Time: 7:00 p.m.

Where: The Summer Picnic

You will not want
to miss this!

A BIT OF LIFE'S WISDOM

By, Bart Leeftang

The world is full of people who are ready to fool you out of your money. Some are easy to spot and others are very difficult to spot. Just a few years ago, my neighbor started an investment club and easily talked my friends and others into investing a total of 8.3 million dollars into his club. The club's success was amazing and for years he provided scheduled reports that made everyone feel good and fuzzy about their increasing wealth. But it was too good to be true. The club was a fraud and all but \$30,000 of the 8.3 million dollars disappeared. It amazes me how many smart people can be fooled by a smooth talking bold faced liar. If it seems too good to be true, it probably is too good to be true!

What about pay day loan companies? Are they there to help you? Or are they fooling you out of your money? For example, most pay day loan companies charge about \$15 to borrow \$100 for two weeks. That's not bad! Right? Truth is, the annualized interest rate is 391%. Most people would tell you that was robbery. Plain and simple. Who are they really helping? Mostly themselves. And yes, with a SMILE. It is much easier to find someone who is ready to rob you than find someone who has had a good experience with a pay day loan company.

Not only are there people out there trying to fool us out of our money, but we can rob ourselves by making bad money decisions. Adding a little discipline into your financial life can be hard, but the alternative is always harder. Learn to budget, learn to save for the unforeseen, learn to avoid purchasing things you do not need. Learn to avoid the robbers and learn to avoid the robber that is sometimes inside of you.

"If it seems too good to be true, it probably is too good to be true!"

Use your SMILE to change this world,
don't let this world change your SMILE.

Welcome, Welcome!

EDWARD GARCIA

Everyone at Fire Engineering was saddened by the passing of Edward (Deg) Garcia. Edward was 33 years old, and leaves behind his wife Carmila, and four children, Caide, Kaisha, Isake, and Cherise. His obituary was a nice reminder of him, and his life here. If you missed it, here is some kind words:

“Deg’s gentle soul, loving heart, and contagious laughter will forever remain with those who deeply love him. He touched many people with his caring and fun personality. We would like to thank him for being the selfless, kind, loving, sweet brother, son, father, husband, and friend to so many. To say how much we will miss you, we could never find a way. We see you sweet spirit in your children’s eyes and your memory will always be alive.”

He will be remembered here at Fire Engineering, and will be greatly missed.

HAVE YOU SEEN THE NEW OFFICE
REMODEL YET? IF NOT, TAKE A FEW
MINUTES AND BECOME FAMILIAR WHERE
ALL THE NEW OFFICES ARE!
